SUMMARY

Creative Front-End Developer and UI/UX Designer with a strong passion for crafting digital experiences that are both visually engaging and highly functional. Skilled in bridging design and development using Figma, React.js, Tailwind CSS, HTML, CSS, and JavaScript to build responsive, user-centered web interfaces. Experienced in collaborating with clients and cross-functional teams to translate user needs and business goals into elegant digital solutions. Committed to innovation, accessibility, and continuous improvement to deliver seamless and impactful user experiences.

SKILLS

- **Technical:** HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, Git
- **Tools:** Figma, VS Code, Git, GitHub, Canva

EXPERIENCE

Freelance UI/UX Design │ Multimedia Access   Jun 2023 - May 2024

- Designed Interactive and User-Centric UI/UX Interfaces.
- Crafted visually captivating marketing brochures that increased visitor traffic to the internet package registration booth by 30%.
- Collaborated Effectively with Clients to Deliver Creative Design Solutions.

Web Developer Intern │ Rumah Sakit Mentari   Sep 2025 - Dec 2025

- Led the full redesign and redevelopment of the official Rumah Sakit Mentari website, transforming its user interface and improving overall user experience and accessibility.
- Developed and implemented the website using React.js, Next.js, and Tailwind CSS, ensuring responsive design and optimized performance across devices.
- Collaborated with internal teams to align website features with hospital service workflows, enhancing digital visibility and patient engagement.
- Successfully delivered a modern, scalable, and maintainable web architecture that reflects the hospital's professional image and improves usability.

PROJECTS

Bellara Company Profile Website │ https://bellara.vercel.app   Sep 2025 - Oct 2025

[React.js, Next.js, Tailwind CSS, Vercel]
- Developed and launched a responsive company profile website for fashion brand Bellara.
- Implemented dark mode toggle and dynamic product displays to enhance user experience.
- Deployed via Vercel to ensure high performance and scalability.
